

Parking Information Sheet 2024

Signatures Butterdome Spring Craft Sale

The University of Alberta Parking Services does not sell multi-day parking passes. All parking areas will be available on a first-come, first-served basis. There is no elevator access to any of the onsite lots and it is stair access only.

IMPORTANT: It is not recommended to use HONK (see more information below) to pre-pay for your parking before arriving onsite. If there is no longer space available in the lot when you arrive, you will lose any money paid as U of A Parking Services will not issue refunds.

All vehicles must **PARK FIRST then **PAY** daily.**

Daily parking fees are based on a 6 a.m. to 6 a.m. schedule

Varsity Parking

Varsity Parking is exclusively reserved for **OVERSIZED VEHICLES** and **VEHICLES WITH TRAILERS**. All other vehicles will be refused access and redirected to alternative locations by the onsite attendant. Vehicles that are not oversized, regardless of whether there is already a trailer parked in the lot, will not be permitted to park in Varsity Parking. An attendant will be onsite at Varsity Parking during all show hours.

Payment

Parking fees are applicable to **ALL** plated vehicles and trailers. **You can prepay through the HONK app for trailers parked in Varsity Parking only that will not be moved for the duration of the show.** Oversized vehicles and vehicles pulling the trailers will have to pay on daily basis if going in and out.

There are two (2) ways to pay for parking:

- 1) Through the **HONK App**: Search and pay for parking from any network enabled device.
 - **Download the HONK app** from [Google Play](#) or the [App Store](#).
 - *No smartphone? No problem.* Access HONK from any web browser [here](#).
 - **Set up your account** adding as many vehicles or trailers and payment methods required.
 - **Use HONK** to pay for your parking at U of A.
 - For FAQs on mobile payment and HONK, visit their website at honkmobile.com/howitworks.
- 2) Through the onsite **Pay Station** located in each parking area.

No matter your payment method, you do not require a ticket or anything on your car itself; your license plate(s) become(s) your permit(s) once paid.

If you have any questions about parking, onsite, contact **U of A Parking Services** at **780-492-PARK (7275)**.
