## *Parking Info*

There is free parking available for everyone at REAL District. As a courtesy to customers attending the show, we ask exhibitors to leave the spaces closest to the entrance available. Exhibitors with trailers or oversized vehicles must park them as far away from the entrance as possible.

## *Booth Location*

Booth location assignments and the show floor plan will be posted online at [OurBestToYouRegina.com](http://OurBestToYouRegina.com) in **October 2024**; you will receive an email notification from our team when this information is available. **Please check your junk/spam folders regularly to ensure you are up to date on important show communications.**

## *Load-In/Load-Out*

For exhibitors bringing their goods to the show, you will be issued a **Load-In Pass** that will include instructions on accessing the facility loading area, approximately two (2) weeks before the show. This pass needs to be printed and displayed on the dash of your vehicle on load-in day.

For exhibitors shipping their goods & display to the show, you may arrive any time after 10 a.m. to set-up your booth. Your crates and/or pallets will be moved to a storage area by Showtime Event & Display at the conclusion of set-up. For more information on shipping, please refer to the [Shipping Information Sheet](#).

**\*IMPORTANT\*** Persons under the age of 15 are **NOT** permitted in the exhibit hall during load-in or load-out for liability and safety reasons. Our onsite staff will be enforcing this rule – please plan for childcare in advance.

## *Load-In Steps*

- Upon arrival at REAL District, proceed to the Viterra International Trade Centre and line-up in the queue for access to the loading area.
- Register your arrival with onsite show management and collect your exhibitor badges.
- Unload your vehicle as quickly as possible onto a provided dolly.
- Dolly your goods to your booth and unload them immediately. **Do not take more than one (1) show dolly or remove a dolly from circulation by leaving your goods on it.**
- Return the dolly to the loading area and move your vehicle to the parking lot to allow others access.
- Proceed with your booth set up.

**Attention:** If your goods/display need to be set-up in stages, you must unload your show dolly, return it to the loading area, and move your vehicle away from the doors so other can have access while you work in your booth. When you are ready to continue unloading your vehicle, you may take another dolly.

A number of dollies are supplied through Showtime Event & Display for exhibitor use, but you are strongly encouraged to bring your own dolly if possible. Doing so greatly speeds up the load-in and load-out process for everyone. We are not able to provide labor to assist with unloading your vehicle or setting up your booth; as such, it is very important you bring your own help if required.

**The loading area closes at 6 p.m. and all goods must be unloaded from your vehicle by this time; set-up continues until 8 p.m.** Please notify us if, for any reason, you will not be arriving by 5 p.m. on load-in day; any booths remaining empty by 6 p.m. will be reassigned at the discretion of Show Management without compensation to the exhibitor.

## Our Best to You Handmade Market

The show opens at **10 a.m.** on **Thursday, November 14<sup>th</sup>**, please ensure you allow yourself enough time to complete your booth display by 9:30 a.m. on opening day. **Friday morning load-ins will not be permitted.**

### *Deliveries at the Show*

You may arrange for courier companies to deliver packages to the main entrance area during show hours. Our staff will sign for any pre-paid deliveries and deliver them to your booth. If the delivery is not pre-paid, we will notify you of the courier's arrival. Include **Our Best to You Handmade Market** in your addressing labels.

If your courier cannot guarantee the delivery of your package during show hours, we recommend sending it to your hotel (indicate the Guest Name and Room #) or to pick it up at the courier's office yourself.

### *Load-Out Steps*

Booth teardown begins **after** the show closing announcement at **5 p.m.** on **Saturday, November 16<sup>th</sup>**. It will take approx. thirty (30) minutes for Showtime to remove the aisle carpet. Until this is done, we ask you to teardown in your booth space and that you **not** roll dollies on the carpet or block aisles with your boxes, crates or display.

- Dismantle your display completely in your booth space, pack your goods for transport and leave them in your booth. **Do not take a show dolly to tear down on.**
- Bring your vehicle to the loading doors. **DO NOT** park your vehicle(s) at the loading doors until you are ready to load-out.
- Take a show dolly and load your vehicle as quickly as possible.
- Return the dolly to the loading area.
- Move your vehicle away from the loading doors.

### *Booth Display Requirements*

Your booth includes 8' high black drape along the back and side(s), and 750 watts of electricity. You must supply your own display equipment, additional crossbars, floor coverings, lights and other items required for your setup. Rental equipment is available through Showtime Event & Display and can be ordered online [here](#).

**Tables and chairs** are not included with your booth. Tabletop displays that do not incorporate a design element are not permitted. A professional looking display will increase your sales potential at the show.

**Backdrops** are required in all booths. The booth draping can be integrated into your display but must not be considered the main visual element of your backdrop.

**Floor covering** is required for the visible floor space within your booth area. Floor coverings should be adhered to the show floor using high-adhesion, double-sided cloth tape common to trade shows which leaves almost no residue. You may bring your own floor covering or rent from [Showtime Event & Display](#). **Booths will be inspected for compliance.**

**Booth draping** is provided. Fire-resistant black draping is 8' high and will be installed along the back and two (2) sides for aisle booths **or** the back and one (1) side for corner booths.

**Crossbars** holding the draping are not weight-bearing and therefore cannot be used as supports for hard walls, grids, or shelving. Lightweight items may be hung from the crossbars with S-Hooks. You may rent additional crossbars to mount lighting or additional drape from [Showtime Event & Display](#).

**Our Best to You**  
Handmade Market

**Signage** is required to identify your company, and your booth number sign (provided by Show Management) must be visible. All signs in your booth must be professional in appearance and cannot exceed 8' in height. Handwritten or fluorescent signs are not acceptable.

**Lighting** is required, as the overhead lighting will be at a low level to create ambiance. You may bring your own lighting or rent additional lighting from [REAL District](#) to ensure your display is sufficiently lit to display and showcase your products. LED lighting is recommended.

**Show Management reserves the right to request improvements to your display.** If you are unsure whether your display meets our requirements, please email us and we will happily review and provide feedback.

### *Booth Sizes*

Exhibitors with hard wall displays, grid displays, or an assortment of tables, please be aware that the inside dimensions of the booths are smaller than the assigned display space to accommodate posts, crossbars, and electrical cables measuring approximately 3 inches in diameter. Display equipment such as racks, stools/chairs, desks, hangers, etc. may not protrude into an aisle as it is a fire code violation which impedes traffic flow and causes corresponding safety concerns.

Contracted Size	Actual Size
10' x 10'	9'9" deep x 9'9" wide
10' x 15'	9'9" deep x 14'9" wide
10' x 20'	9'9" deep x 19'9" wide

### *Storage*

Storage space for overstock is limited, so plan to incorporate storage within your booth or to restock in the mornings. Please remove empty plastic packing bins or boxes to your vehicles and trailers for storage. Fire panels, pull stations, and fire exits must never be blocked or impeded by storage. Empty boxes are not permitted in storage areas, as they present a fire hazard.

### *Security*

Security controls are in place to prevent thefts during set-up, show hours, and overnight, but we require full cooperation from all exhibitors to ensure these measures are effective. The following guidelines should be observed at all times, including during load-in and load-out:

- \* Keep your booth attended at all times.
- \* Wear your exhibitor badge at all times.
- \* If you have any problems or observe any unusual activity, please notify Show Management immediately.
- \* Non-exhibitors are not permitted in show storage areas at any time, for any reason.
- \* Do not leave any valuables or cash in your booth unattended at any time during the show or overnight.
- \* Place a night sheet or another type of barrier, such as netting, across your booth entrance overnight.
- \* Stay in your booth for a few minutes after the show closes each night to allow time for all customers to leave the hall. The hall must be vacated no later than thirty (30) minutes after closing each night.

Signatures cannot assume responsibility for any losses incurred from shoplifting, pilferage, or any other causes. We reserve the right to inspect any box or crate that is removed from the exhibit hall.

## *Exhibitor Identification*

## Our Best to You Handmade Market

In compliance with City of Regina legislation in effect since February 1<sup>st</sup>, 2022, the distribution of single-use plastic checkout bags is prohibited at the show. Exhibitors are encouraged to utilize alternative packaging options such as reusable bags, paper bags or bags made from other sustainable materials. More detailed information on this legislation can be found [here](#).

### *Fire Regulations*

REAL District, in accordance with the Regina Fire Safety Code and Fire Service, requires that all decorations and materials for display are flameproof. This law does not apply to your work. An inspector will be visiting every booth on set-up day to conduct fire tests on all display materials.

It is recommended that you test all your materials prior to arrival for set-up. Hold a flame to a sample of the material for 12 seconds; if it burns for more than 2 seconds after you remove the flame, it is not acceptable. Flame proofing should be done well in advance of the show as materials may require more than one application and will require drying time for maximum absorption. Some facilities require proof of flame proofing, please bring your documentation with you. There are products available in spray or liquid applications at retail stores such as Home Hardware, Lowes & Canadian Tire.

### *Electrical Regulations*

Each booth is supplied with 750 watts of electrical power. Power is supplied to the individual booths through the installation of a single shared outlet – one plug-in per booth. Bring a power bar, or more if required, for power distribution within your booth. Extension cords must be grounded with three prong plugs.

**Lighting is required in your booth**, as the overhead lighting will be at a low level to create ambiance. You may bring your own lighting or rent additional lighting from [REAL District](#) to ensure your display is sufficiently lit to showcase your products. Displays should be designed so the lights are mounted securely on a non-conductive material (i.e. e.g. wood or rubber) and are aimed away from draped curtains. Metal clamp-on lamp holders **cannot** be mounted directly on the metal tubes used in the construction of display booths.

Additional venue/supplier electrical policies include, but are not limited to:

- Latex wire cord, duplex, and triplex plugs are not permitted.
- Equipment which trips circuits due to overload may not be restarted until REAL District has found the source and corrected the problem.
- Wall and pillar plugs distributed around the building are for the specific use of the Viterra International Trade Centre and its exclusive service providers and are not for the use of exhibitors. A fee will be charged if these outlets are used, or they may be disconnected at the discretion of the building.
- The use of small appliances such as kettles, irons, portable heaters, or microwave ovens are not permitted in your booth unless additional power is purchased from [REAL District](#).

Any electrical products used in your display or being sold by you (i.e. lamps, etc.) must be CSA approved and have a CSA sticker or stamp on them. **Remember to turn your lights off every night.**

### *Insurance Requirements*

Liability insurance with a minimum \$2,000,000 coverage is required. We recommend that you contact your regular insurance provider first to provide coverage. If they are unable to provide coverage, there are some providers who specialize in insurance for exhibitors. Signatures does not endorse any particular provider, but information on these insurers is widely available online.
